

Qualification structure Level 3 Award in Education and Training. 601/4415/4

Practice requirements

The Level 3 Award in Education and Training introduces teaching. It can meet the needs of a range of trainee teachers; for example, individuals not currently teaching or training, individuals currently teaching or training, individuals currently working as assessors who wish to achieve a qualification that provides an introduction to teaching.

The objective of the qualification is to prepare learners for employment and support them to progress to a teaching role within the workplace.

There is a minimum requirement for trainee teachers to engage in observed and assessed microteaching for the following optional unit:

- Understanding and using Inclusive Teaching and Learning Approaches in Education and Training (Level 3)

For this unit, trainee teachers must be involved in at least one hour of microteaching. Each trainee teacher must deliver at least one 15-minute microteaching session that is observed and assessed by a member of the delivery team. For the additional 45 minutes, trainee teachers can either deliver additional microteaching sessions or observe the microteaching sessions of other trainee teachers.

Trainee teachers who are currently teaching may wish to use their practice to meet the requirements of this unit instead of microteaching.

There is a requirement to undertake observed and assessed practice in a real work environment for the following optional units from the Learning and Development suite that are included in this qualification:

- Facilitate Learning and Development for Individuals (Level 3)
- Facilitate Learning and Development in Groups (Level 3).

Practice should be in the appropriate context – with groups of learners or with individual learners. The number of hours of practice required and the number of hours to be observed and assessed are not specified for these units

An effective teaching practice experience should ideally include:
